

NOV/DEC

2011

PROVIDER  
POST

Season's Greetings to our new provider:  
Patricia Myers, Type B, Lisbon

“Smoke Alarms: A Sound You Can  
Live With!”

Please take the time to check/replace your batteries  
in all smoke and carbon monoxide detectors.

## Professionalism

Being a child care provider is not an easy job, but is certainly one of the most important. Please keep in mind you are a child care professional. Portraying a professional image and marketing your child day care go hand in hand!

All providers shall conduct themselves in a professional manner inside and outside of the child care home.

# ***Snow!***

**5101: 2-14-05** The provider shall provide a safe, healthy environment when children are present.

During the winter months, please make sure your home entrance is easily accessible and safe for the caretakers, children and social workers.  
(Please shovel/salt your steps, porch, sidewalk etc)

## **Ohio ECC Swipe Card**

- Schedule to go live on January 1, 2012
- Media Riders Inc (MRI) has begun scheduling appointments to install the device into the provider's homes. The installer will have ID badge & has completed a background check.
- Face to face training will occur at your home during installation.
- Providers are highly encouraged to register & participate in a webinar to learn more about the new system.

Ohio ECC Provider Helpline     1(888) 516-4776

The attached form was developed to assist providers with tracking weekly attendance so you are able to back swipe the correct times and days or you may chose to use the current timesheets to track hours.

## New Enrollment

When you begin care for a new family, please contact the Client Eligibility Worker three (3) days in advance in order to change the authorization in the computer. The system will not allow the agency to back date the client's authorization. If the change is not reported in a timely manner, there may be days you will not receive reimbursement for the child care.
