

Brian

15 YEARS OLD

"I wish I could mow grass all year long!"

That's right! Brian's absolute favorite activity is mowing the lawn. He also enjoys riding his bike, playing with remote control toys, trips to the YMCA & attending air shows. Brian is a good student. His favorite subject is math, and his favorite food is tacos. Brian would love to take a trip to Lake Erie some day. In the future, he hopes to use his love of yardwork to become a landscaper.

Brian is so excited at the thought of having a family to call his own. He has three younger siblings and needs a family who would support the siblings remaining in contact. Brian does best in environments where he feels safe. He would like a mom and a dad and is excited to meet new brothers and sisters. Brian loves attending church and does well with animals, especially cats. Brian will most likely need the support of a family well into adulthood. Could your family be the one to give Brian the love and guidance that he is missing out on?
