

Brian, Born 2004

Brian's favorite activity is to mow the lawn. He also likes to ride his bike, play with remote control toys and collect Yugioh cards. Brian likes Star Wars and is hoping to get a lightsaber for his birthday. Brian does well in school and his favorite subject is math. Brian's favorite food is spicy Doritos. Brian hopes to become a heavy equipment operator someday.

Brian is so excited at the thought of having a family to call his own. He has three younger siblings who are all in the process of being adopted. Brian needs a family who would support the siblings remaining in contact. Brian does best in environments where he feels safe. He desires to be an only child, as he craves the attention of his caregivers. Brian loves attending church and does well with animals. He has never been to an amusement park or gone on vacation. Could your family be the one to celebrate with Brian as he experiences many "firsts"?
