

Piper

12 YEARS OLD

"I'd love to see Justin Bieber in concert!"

Piper is definitely a music lover! She also does best when she can keep busy outdoors. Swimming, jumping on the trampoline and doing cartwheels are some of her favorite activities. Piper also enjoys arts, crafts and getting her nails done. Piper's favorite subject is math, but she doesn't love school. She will require some extra assistance to help her progress. Piper hopes to take a trip to Florida someday so she can see the ocean. Her favorite food is tacos.

Piper's smile is infectious. She loves to laugh and views a forever family as her path to happiness in life. She desires a mom and a dad but would consider a single mom or two moms. Piper values her belongings and hopes to have her own bedroom. She loves attending church and would do best with a small pet like a hamster. Piper dreams of having a family who likes watching movies, playing board games and attending the local high school football games. She has an older brother and maintains contact with other birth family members. A potential adoptive family should be open to maintaining these connections. Can you give Piper a new reason to smile?
